Dear Sir/Madam,

Serko Limited was established as B2B company in Hong Kong. Over 8 years we help our clients from all over the world to organize secure and profitable business with PRC and the other countries of ATR. We have good experience in organizing export from China to different countries. Our clients are mainly large industrials, manufacturing & commercial enterprises, Internet stores. At the same time, we pay great attention to representatives of small and medium businesses, private and individual entrepreneurs, being their reliable and versatile supplier.

Today we would like to present to your attention a novelty in the market of accessories for smartphones:

Monopod stick and wireless shutter is ideal for selfie-lovers, backpack travelers, and practically anyone who is always on-the-go and wants to take photos and videos of anything and everything.

Together with the Monopod, get to shoot your selfies without reaching for your phone's camera button with the help of the Bluetooth Remote Shutter.
