MELZER

Caring for Future Generations

A Speciality Chemical Manufacturer

In the Field of

Biocides

for many application areas,

and Treatment Polymers

MELZER

Caring for Future Generations

Who Are We?

We are

One very Interactive **Indian Speciality Chemicals Group** with a range of products, which is meant for a spectrum of applications and operations in Industries, but all of them have one objective:

To Make Human Life More Comfortable and Safe.

Our Products include Treatment Polymers and a range of Biocides used for controlling unwanted growth of microorganisms either by treatment or by addition as 'Preservatives'. The anti-microbial technology at Melzer is well advanced and it is globally in forefront, meeting the high demands of safety from product-performance when put to actual usages.

MELZER

Caring for Future Generations

MELZER BIOCIDES

- **Known Active Chemistries**
- **High purity as a principle.**
- **Great Control on toxicity issues.**
- **Only Known Combinations of Actives**

INNOVATIVE FORMULATION DEVELOPEMENT

Oriented towards Application Ease and Performance.

MELZER Adds 'Value' to Your Products

MELZER

Caring for Future Generations

**Organization's Goal for Biocides
To Make Human Life More Comfortable
and Safe.**

MELZER

Caring for Future Generations

MAIN APPLICATION AREAS

- **Paints , Coatings, Printing inks**
- **Water treatment, circulating waters**
- **Adhesives, Emulsions**
- **Construction**
- **Sugar Industry**
- **Textiles**
- **Oil exploration, petroleum and fuels**
- **Flexible/coated plastics**
- **Formulated oils(MWF), Furnace oils and Bio-diesel**
- **Paper pulp**
- **Poultry and Animal Health**
- **Dairy Industry**etc.,

MELZER

Caring for Future Generations

**Available Back-up at
Melzer**

**Technical, Microbiological and Logistics
Every Question Is Answered.
'Time-bound Response.'**

MELZER

Caring for Future Generations

Future Developments

Well chalked out programmes

Provision for the expansion

MELZER

Caring for Future Generations

**A Range of
Biocides**

MELZER

Caring for Future Generations

A Few Biocides

Santreat MZ[®] 3050	: BKC 50%
Santreat MZ[®] 3080	: BKC 80%
Carbatreat 4040	: Sodium dimethyl dithiocarbamate 40%
Carbatreat 4140	: Potassium dimethyl dithiocarbamate 40%
Microcheck MZ[®] MBT	: Methylene bis thiocyanate
Microcheck MZ[®] 86	: Chloro triazine
Microtreat MZ[®] TR	: s- Triazine
Microcheck MZ[®] CD	: Dazomet

MELZER

Caring for Future Generations

Known Formulations of Actives,

--INNOVATIVE WAYS TO FORMULATE

Oriented towards Application Ease and Performance

but

All formulations as per International norms.

MELZER Offers--

Only Tried and Tested Combinations;

Strictly, no 'free will' of doing a **formulation.**

MELZER

Caring for Future Generations

MELZER introduced new concepts in the field of
Biocides!

MELZER attempted to provide answers to the
unknowns existing over more than 20 years!

MELZER introduced maximum purity in the
actives to control unknown toxicity!

MELZER is globally known for these attempts!

MELZER

Caring for Future Generations

MELZER

Committed to Offer to You:

- **Most Performing Preservatives**
- **Safest and Biodegradable Preservatives**

**At the Best Possible Cost-Economics
And with Assured Service and Efficiency**

MELZER

Caring for Future Generations

MELZER

**‘MICROBIAL PERFORMANCE
ANALYSIS’**

For almost all applications of biocides

MELZER

Caring for Future Generations

MELZER

OFFER MANY

“PRESERVATIVE SYSTEMS”

FOR OTHER APPLICATIONS.

MELZER

Caring for Future Generations

MELZER

Believe that
with

“THE SYSTEM APPROACH”

to preservation of Industrial Products,

Better Control On

Performance and Toxicity

is always achieved through our products.

MELZER

Caring for Future Generations

It is always best to follow:

“THE SYSTEM APPROACH”

to preservation of Industrial Products.

We Help You To Do That!

Please Let Us Know Your Needs.
