PRODUCT TYPE

BOLTS

Forged and machined in various head forms including hexagon, square, cupsquare, countersunk and socket. Indented foundation bolts

SCREWS

Setscrews and capscrew

NUTS

All types and specifications including hexagon, dome, castle, lock, self-locking and special nylocs

WASHERS

In all forms and to customers specifications including round, square, tab, spring, flat, taper, and spherical

THROUGH BOLT

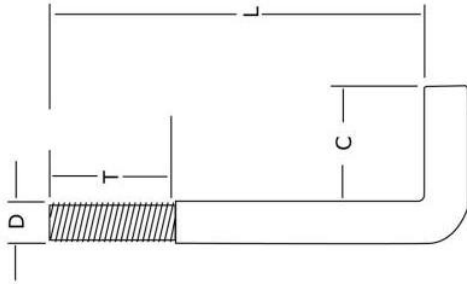

In Mild Steel and Alloy Steel with Zinc Plating or in SS316 or SS304

- Studs / Nuts in grade B6, B7, B7M, B8 & B8M in CL 1, 2, B8T, B16 & L7.
- High Tensile fasteners in grade 5.6, 6.8, 8.8, 9.8, 10.9 & 12.9.

Our extensive experience, enable us to manufacture in-house, a wide range of products, utilizing forging, thread rolling. Manufacturing capacity range from M3 (1/8") to M100 (4" diameters)

DIMENSION: $D \times L \times C \times T$

ANCHOR BOLT

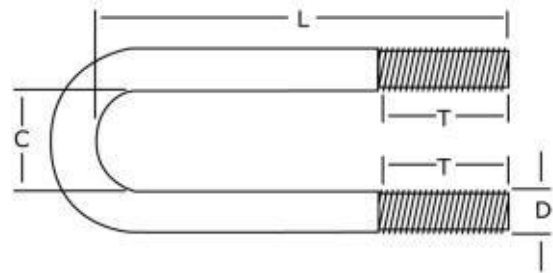

DIMENSION: $D \times L \times C \times A \times T$

J-BOLT

DIMENSION: $D \times L \times C \times T$

EYE BOLT

DIMENSION: $D \times L \times C \times T$

U-BOLT

OTHER PRODUCTS

FULLY THREADED RODS
EARTH RODS / CLAMPS
PINS (DOWEL/SPLIT)
PLUGS, FITTINGS

PRESS PARTS

CROSS ARM, J-SUPPORT, SPRING
NUTS, CABLE COVERS, U-TUBES
PIPE CLAMPS, PIPE HANGERS
PIPE SUPPORTS, BUSHES, ETC...

FINISH

The product are finish coated by Electro-galvanizing, Hot dip galvanizing, Phosphate, Blackodised, PTFE / Teflon / Xylan to buyers instruction

QUALITY

Quality control begins with the careful selection of mill certified materials and extends throughout the entire manufacturing process ensuring that products are released to their relevant British, European, American or other international standards. All incoming raw material is subject to random PMI inspection to ensure conformity.

Components manufactured by Anchor International are fully certified to customer requirements, including: Non-Destructive testing and tests witnessed by independent inspectorates.

MATERIAL USED

- All Grades of Stainless Steels
- Duplex UNS S31803
- Super Duplex UNS S32760
- UNS S32750
- UNS S32550
- Monel* 400, K500
- Inconel* 600, 625, 718
- Hastelloy* C22, C276, B3

PRODUCT SUPPLIED

- Studbolts & Nuts
- Hexagon Bolts & Nuts
- Socket Cap Screws
- Engineers Studs
- Hexagon Nyloc Nuts
- Socket Countersunk Screws
- Socket Screws
- Machined Parts
